EXPLORATION & TENURES FORUM 2024

A platform to discuss successful exploration and development projects in NSW.

The Exploration & Tenures Forum brings the NSW exploration sector together for an exciting program of talks on successful exploration and development projects in NSW.

The Forum provides industry with an opportunity to hear from the NSW Government on the latest policy and regulatory considerations, as well as from industry practitioners, academics and specialist consultants on important aspects such as land access and community consultation for exploration.

The event is an excellent opportunity to network with industry peers. The Forum attracts chief executives, exploration managers, titles managers, community and approvals professionals, field staff and consultants, from junior exploration companies to multinational operators.

Ticket prices:

NSWMC member ticket

\$150 + GST

Non-member ticket

\$275 + GST

Speaker ticket

\$100 + GST

For over 35 years, we have specialised in assisting exploration and mining companies achieve their commercial goals. Our reach extends across Australia, and globally to countries such as Canada, USA, New Zealand, Asia Pacific, the Middle East and India.

Managing tenements, planning, and navigating environmental approvals and compliance requirements involves intricate and specialised knowledge encompassing various domains. Our service offerings include audits, legal Due Diligence for acquisitions and Prospectus listings, activity approvals, Native Title extinguishment and negotiation, landholder management, arbitration, and all levels of government liaison.

Alkane Resources SILVER SPONSOR

Alkane Resources is an Australian exploration, development and gold production company, with tenements, projects and operations in Central West NSW. The company aims to grow into a multi-mine gold and copper producer.

Current gold production is from Tomingley Gold Operations, an open pit and underground gold mine southwest of Dubbo, currently being extended to beyond 2030.

Alkane continues to advance gold exploration projects in the tenement area south of Tomingley.

Alkane discovered porphyry gold-copper mineralisation at Boda, north of Wellington, in 2019. The company has since estimated two large resources (Boda and Kaiser) that represent a genuine prospect for a large-tonnage gold-copper development.
